## **The Winterfalls - Behind Your Smile**

tom: Db Intro: Db A Em B Em Em B Em I'm choking on the silence, every breath a war Db Fm B Fm Fighting shadows in the dark, but I don?t know what for Α Em B Em Your words were daggers wrapped in velvet lies Db A Em B Em Now I'm tangled in the echo of goodbyes Db Em B Em The promises we made are ashes on the floor B Fm Db Em Α Burning pieces of a love that is no more Db Fm You smiled while you watched me slowly drown B Em B The king you crowned has now burned his crown Do you feel it? this weight in your chest? Or was love just a game, a cruel test? I see through the cracks of your porcelain grin What monster hides beneath your skin Db Behind your smile, there?s a storm untamed Em B A twisted dance of love and pain Db The tide has turned, and now I see R The villain you were shaping was me (Db A Em B Em) Dh Fm B Fm Behind your smile there's a spark meant to ignite Db Α Em B Em But love is a fire that burns out of sight Db I tried to build us a fortress so high Em В Yet you tore it down with every lie Db I became what I swore I?d never be Acordes В Db A Jkulele-chords.com ukulele-chords.com ukulele-chords.com Jkulele-chords.coπ

Em В A mirror of the darkness you gave to me Db Δ Now the roles reversed, I wear your face Em В Em Lost in the madness of our twisted chase Do you feel it?this weight in your chest? Or was love just a game, a cruel test? I see through the cracks of your porcelain grin What monster hides beneath your skin Behind your smile, there?s a storm untamed Fm A twisted dance of love and pain Db The tide has turned, and now I see В Em The villain you were shaping was me (Db A Em B) Is redemption just a word we say When love slips like sand and drifts away? I wore your scars, now they feel like mine In this cruel ballet where hearts entwine Db Behind your smile, there?s a storm untamed B Em A twisted dance of love and pain Db The tide has turned, and now I see Em В The villain you were shaping was me Db The tides will shift, the winds will blow Em В We reap the pain from seeds we sow Db Α And in your smile, I finally found Em B That love and hate both wear the same crown (  $\mathsf{Db}$  A  $\mathsf{Em}$  B ) (Db A Em B Em )
