

The Winterfalls - Where I Belong

tom:
Intro: **Db** **Bb** **Gb**

I messed it up, I let it fall
Took you for granted, didn't hear your call
Now I'm standing here, lost in regret
Trying to find a way to pay my debt

Db **Bb** **Gb**
I see the cracks, I feel the strain
But I'll fight through all the pain

Db **Bb**
I'll do anything, I'll break every chain
Swim through fire, dance through rain
To win you back, I'll right every wrong
With your love is where I belong

Db **Bb**
I was blind to the love in your eyes
Now I'm chasing shadows, haunted by goodbyes
Every tear you cried is a scar on me
But I'll heal the wounds, just wait and see

Db **Bb** **Gb**
I see the cracks, I feel the strain

Db **Bb** **Gb**
But I'll fight through all the pain

Db **Bb**
I'll do anything, I'll break every chain
Swim through fire, dance through rain
To win you back, I'll right every wrong
With your love is where I belong

Db **Bb**
I won't let go, I won't give in
I'll rebuild the trust, I'll start again
No matter how far, no matter how long
You're my only place where I belong

Db **Bb**
Through the wind, through the snow
Through everything, I'll go back home
I won't be alone, I'll find my way
Back to your arms, where I'll forever stay
Through every storm, through every fight
I'll hold you close and make things right
I'll not be alone, in your arms I'll stay
Until the end of our darkest day
