

The Winterfalls - Where I Belong

tom:

Intro: **Db** **Bb** **Gb**

I messed it up, I let it fall

Took you for granted, didn't hear your call

Now I'm standing here, lost in regret

Trying to find a way to pay my debt

I see the cracks, I feel the strain

But I'll fight through all the pain

I'll do anything, I'll break every chain

Swim through fire, dance through rain

To win you back, I'll right every wrong

With your love is where I belong

I was blind to the love in your eyes

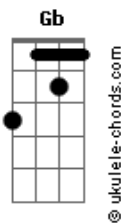

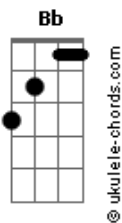

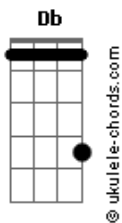

Now I'm chasing shadows, haunted by goodbyes

Every tear you cried is a scar on me

But I'll heal the wounds, just wait and see

I see the cracks, I feel the strain
