Intro: C F C F C

[Primeira Parte]

Be still though all the Earth is shaking

Though rivers rise in flood

Though mountains turn to dust

Be still, know You are not forsaken

Your God is ever near

Oh child do not fear

[Refrão]

Look up behold

The Lord has heard our crying

Our help will come

The Lord of angel armies

Be still and know

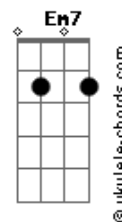

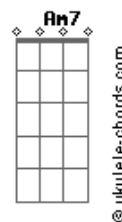

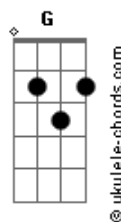

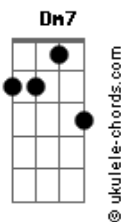

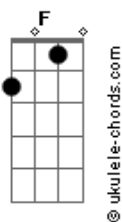

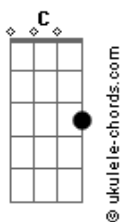

That the Lord is on His throne

[Segunda Parte]

Be still though round you nations crumble

The powerful and proud

## Acordes

They rise and they die down

Be still He is your help in trouble

You are His chosen child

He'll never leave your side
