# The XX - Replica

Tom: G

    Riff base que se repete durante toda a música:

Intro: D C

Verso 1:
```
D
Same right, same wrong
                              C
Only difference is that I'm the one
D
Second time around
                                C
Feels like the song's already been sung
```

Pré-refrão:
```
      G
Mirroring situations, accurate imitation
      C
Do I watch and repeat?
        G
And as if I tried to, I turned out just like you
      C
Do we watch and repeat?
```

Refrão:
```
           D                    C
They all say I will become a replica
           D              C
Your mistakes were only chemical
```

Ponte: G C

Verso 2:
```
Em
25 and you're just like me
        G                           C
Is it in our nature to be stuck on repeat?
      Em
Another encore to an aftershow
        G                      C
Do I chase the night or does the night chase me?
```

Pré-refrão:
```
      G
Mirroring situations, accurate imitation
      C
Do I watch and repeat?
        G
And as if I tried to, I turned out just like you
      C
Do we watch and repeat?
```

Refrão:
```
           D                    C
They all say I will become a replica
           D              C
Your mistakes were only chemical
```

Ponte:
```
        G                           C
Do I chase the night or does the night chase me?
        G                           C
Do I chase the night or does the night chase me?
```

Refrão:
```
           D                    C
They all say I will become a replica
           D              C
Your mistakes were only chemical
```
