

The XX - Shelter

Tom: C

Intro: Em C (2x)

I find shelter in this way

Under cover, hide away

Can you hear when I say

I have never felt this way

Maybe I had said something that was wrong

Can I make it better with the lights turned on

Maybe I had said something that was wrong

Can I make it better with the lights turned on

(C Am Em G)

Could I be, was I there

It felt so crystal in the air

I still want to drown whenever you leave

Please teach me gently how to breathe

And I'll cross oceans like never before

So you can feel the way I feel it too

And I'll send images back at you

So you can see the way I feel it too

Maybe I had said something that was wrong

Can I make it better with the lights turned on

Maybe I had said something that was wrong

Can I make it better with the lights turned on

(C Am Em G) (2x)

(Em C) (2x)
