The Youngbloods - I Shall Be Released

Tom: G

```
                  A                             Bm
They say everything can be replaced
Dbm       Bm              A       E7
 Yet every distance is not near
A                   Bm
So I remember every face
Dbm          Bm          A        E7
 Of every man who put me here

A                   Bm
I see my light come shining
Dbm          Bm          A
 From the west unto the east
A
 Any day now
Bm
 Any day now
Dbm  Bm       A
 I shall be released

A                            Bm
They say every man needs protection
Dbm       Bm          A    E7
They every man must fall
A                   Bm
Yet I swear I see my reflection
Dbm          Bm          A       E7
Somewhere so high above the wall
```

```
A                           Bm
I see my light come shining
Dbm          Bm          A
 From the west unto the east
A
 Any day now
Bm
 Any day now
Dbm  Bm       A
 I shall be released

A                           Bm
Well onder stands a man in this lonely crowd
Dbm         Bm              A    E7
A man who swears he not to blame
A                   Bm
All day long I hear him cry shouting loud
Dbm         Bm          A       E7
Calling out that he's been framed

A                           Bm
I see my light come shining
Dbm          Bm          A
 From the west unto the east
A
 Any day now
Bm
 Any day now
Dbm  Bm       A
 I shall be released
```
