# Thiago Pethit - Nightwalker

Tom: D

```
Bm
My shoes
            D
They took me for a walk
Bm
I guess
     D
We walked a hundred blocks
                    Em
When it was time to go back
                   D
We were getting off the tracks

They said
  Em
'Just one more cigarette?
              D
A drink or two would not be bad
Bm
My shoes
         D
They took me to a bar
Bm
Quite soon

I said
        D
'We?re in a trap, we are?
      Em              D
One shot made me feel brand new
  Em                      D
```

```
Two and all I thought was you

A
Dancing, dancing
D
Dreaming of a neon light
A
Dancing, just dancing
D
I?ve got you deep inside of my mind

Bm
How sad
       D
Is a dancer on his own?
Bm
Too bad
        D
The steps they all seem wrong
Em                        D
One shot just made me feel blue
Em                          D
Two, I?m getting through with you
Bm
One day
        D
I hope I might be right
  Bm
One night
        D
Like any other night
Em                          D
Your shoes will take you for a walk
  Em                  D
And they will lead to my door
```
