

Thirdstory - Over

```
Tom: G
Intro: F G C
[Verso 1]
Time heals, I've been told before
I've been doing well
Three years is enough to forget
The love we felt
[Pré-Refrão]
But you called out of the blue
And I'm pulled right back to you
[Refrão]
I forgot what you do to \ensuremath{\mathsf{me}}
How I wanted you desperately
Em Dm7 C
I've been fine, I haven't had you on my mind
               Dm C
Thought it was over when we said goodbye
[Verso 2]
Mouth dry
Are these butterflies?
I need to be strong
Hands Tied
Do I cut you off or just play along?
```
