

This Is Angelic - Wait Up (feat. Mason Coutinho)

Tom: E

m

That day

When I first met you

I barely even caught your name

And like a flash of lightening

You came and left, and I knew I'd

Never be the same

No wait just don't go away

There's more I wanna say

I won't last day

Baby I won't give up

Baby I won't give up

I'll keep searching and I'll never stop

Baby I won't give up

Won't give up for your love

I'll keep searching

And I promise that I'll never stop

I won't give up, give up

I won't give up, give up

I won't give up, give up

I'll just wait up, wait up

I'll just wait up, wait up

I'll just wait up, wait up

I swear I always see you

Your face in places

I've been to

Been living in a dream and

It's like we're never leaving

No wait just don't go away

There's more I wanna say

I won't last day

Baby I won't give up

Baby I won't give up

I'll keep searching and I'll never stop

Baby I won't give up

Won't give up for your love

I'll keep searching

And I promise that I'll never stop

I won't give up, give up

I won't give up, give up

I won't give up, give up

I'll just wait up, wait up

I'll just wait up, wait up

I'll just wait up, wait up

No wait just don't go away

There's more I wanna say

I won't last day

Baby I won't give up

Baby I won't give up

I'll keep searching and I'll never stop

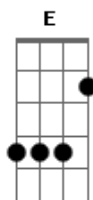

Baby I won't give up

Won't give up for your love

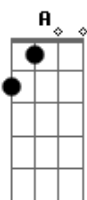

I'll keep searching

And I promise that I'll never stop
