[Verse 1]

**D**  
I'm just the boy inside the man not exactly who you think I am  
**Gbm**  
trying to trace my steps back here again, so many times  
**D**  
I'm just the spec inside your head, You came and made me who I am  
**Gbm**  
I remember where it all began, so clearly

[Pre-Chorus]

**D**  
I feel a million miles away still you connect me in your way  
**Gbm**  
and you created me something I would've never seen  
**D**  
When I could only see the floor, you made my window a door  
**Gbm**  
so when they say they don't believe, I hope that they see you in me

**D**  
After all the lights go down I'm just the words, you are the sound  
**Gbm**  
A strange type of chemistry, how you've become a part of me  
**D**  
and when I sit alone at night, your thoughts burn through me like a fire  
**Gbm**  
you're the only one who knows who I really am

[Chorus]

**D** **E**  
We all wanna be somebody  
**Gbm** **A**  
We just need a taste of who we are  
**D** **E**  
We all wanna be somebody  
**Gbm** **A**  
We're willing to go but not that far

**D** **Gbm**  
We're all see through just like  
**D**  
glass and we can shatter just as fast that light's been burned out for awhile  
**Gbm**  
I still see it every time I pass, It was lost in the corners of my mind  
**D**  
Behind a box of reasons why, I never doubted it was there  
**Gbm**  
It just took a little time to find, and even when  
[Pre-Chorus]  
**D**  
I feel a million miles away still you connect me in your way
