

# Thousand Foot Krutch - This Is A Call

Tom: **Gb**  
Intro: 2x: **Gb B Ebm B**

Verso 1:

**Gb**  
She fooled all of her friends,  
**B**  
Into thinking she's so strong,  
**Ebm**  
But she still sleeps with the light on,  
**B**  
And she acts like it's all right on,  
**Gb**  
As she smiles again  
**B**  
Her mother lies there sick with cancer,  
**Ebm**  
And her friends don't understand her,  
**B**  
She's a question without answers,  
**Gb**  
Who feels like falling apart

**Abm** **B**  
She knows, she's so much more than worthless,  
**Abm**  
But she needs to find the purpose,  
**B**  
She wonders what she, did to deserve this

Refrão:

**Gb** **Db**  
She's calling out to You,  
**B**  
This is a call; this is a call out,  
**Abm**  
'Cause everytime I fall down,  
**Gb**  
I reach out to you  
**Db**  
And I'm losing all control now,  
**B**  
And my hazard signs are all out,  
**Abm** **B** **Gb**  
I'm asking you, to show me what this life, is all about  
Intro: **Gb B Ebm B**

Verso 2:

**Gb** **B**  
He tells everyone a story,  
**Ebm**  
Because he thinks his life is boring,  
**B**  
And he fights, so you won't ignore him,  
Because that's his biggest fear  
**Gb** **B**  
And he cries, but you'll rarely see him do it,  
**Ebm**  
He loves, but he's scared to use it,  
**B**  
So he hides behind the music,

Cause he likes it that way

**Abm** **B**  
He knows, he's so much more than worthless,  
**Abm**  
He needs to find the surface,  
**B**  
Because he's, starting to get nervous

**Ab** **Gb**

**Db**  
Take me to a place where nothing's wrong, and,  
**Abm**  
Thanks for coming, shut the door  
**Ebm**  
They say someone out there sees us,  
**Ab** **B**
