G
Our lives built on tin cans and string
C
But the cornerstone laid is a wondrous and beautiful thing
G
Sure in the ground
G
While the North wind is taking its toll
C
You have helped me to find my way back and to anchor my soul
G
Safe in the sound
Em
Oh you know me
C
Oh and I know you
Em
And I know that
C
We can see this through
G
I'm brack and baring my bones said if we heard the howling
C
I'd run out to face it alone
G
To meet it half way
G

But I've still got badges to earn so keep sifting my soul
C
Cause I think that I'm starting to learn
G
To love you that way
Em
Oh you know me
C
Oh and I know you
Em
And I know that
C
We can see this through
Bm
C
Em
It's true that you could snap my neck
Bm
C
I trust you'll save my life instead
G
Cause our love is a loyalty sworn if we hold to our hope
C
Then I know we can weather the storm
G
Whatever they say
Em
Come what may
Em
Oh you know me
C
Oh and I know you
Em
And I know that
C
We can see this through
G
