

Thrice - Beyond The Pines

Tom: G
Intro: G

G
Somewhere down the way

There's a hidden place that anyone
That all of us could find

But our maps have failed

So venture through the veil and realize
That these roads are intertwined

Em
Far beyond those walls

Gleaming black and white
Further than our false schemes

Of wrong and right

Em
Is a field where we can walk
Leaving all our names behind

Bm A G D
I will meet you there, beyond the pines

A Bm
Templed in twilight or dawn

Bm A G
The light and easy air

D A
Tracing the lines on our palms

(Bm A G Bm A G Bm A)

G
Somewhere down the road is a place

That we can go where everyone
And everything is divine

And when we're all awake

We can finally make and end of these
Divisions in our minds
