

Thriving Ivory - Flowers For a Ghost

Tom: **D**

You disappear with all your good intentions
 And all I am is all I could not mention
 Like who will bring me flowers when it's over
 And who will give me comfort when it's cold
 (**D G**)

She took a plane to somewhere out in space
 To start a life and maybe change the world
 See I never meant for you to have to crawl
 No I never meant to let you go at all

Oh no, Oh no
 Don't ever say goodbye
 D, **G** 2x
 See my head aches from all this thinkin'
 Feels like a ship God, God knows I'm sinkin'
 Wonder what you do and where it is you stay
 These questions like a whirlwind, they carry me away

And I said
 Who will bring me flowers when it's over
 And who will give me comfort when it's cold
 And who will I belong to when the day just won't give in
 And who will tell me how it ends and how it all begins

oh, oh no, yeah
 Don't ever say goodbye

And I'm only human
 I said I'm only human
 I'm only human
 I said I'm only human
 I'm only human
 I said I'm only human, I'm human, I'm human
 Oh....

(**Bm G D A**) (2x)
 Yeah (6x)

Final: (**G**)
 Oh...
