

Tia Brazda - Shine

tom:

Em

Intro: Am D G B

[Primeira Parte]

Sometimes it all falls apart

And it tears up your heart

And you feel like you got

Nowhere to go

Are you dragging around

With a big old frown

And you know that you

Don't got that glow

[Refrão]

Well, if you only knew

That the sun does shine for you

Soon, it's gonna feel like

The whole world is brand new

You're you're gonna rise up

This, I promise you

No, you can't stay blue

It's true

[Segunda Parte]

Pretty pastures aside

It is one bumpy ride

Hold tight and

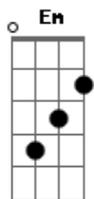

Don't lose your cool

Oh, the grass looks greener

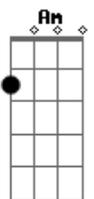

When the times are leaner

And you're fretting like a fool
