

# Tiago Iorc - When All Hope Is Gone

Tom: **C**

Introdução e versos: (Solo 1)  
3x

Solo 1 o verso inteiro:

Wait a minute, step back  
Get a little closer  
We're just a little off track trying to get it all done  
I think I'll pour another glass  
I'm feeling kind of sober  
We're just a little off track trying to get it all done

**F** **G**  
On it goes  
And still **Am** **G** nobody knows  
**F** **G**  
What we're all fighting for  
**Am** **G**  
Soon when all hope is gone  
Solo 1

We'll find love

(Solo1)

Wait a minute, step back  
See what's going over  
People watching our backs protect us from each other  
It's just another way of sitting back and blaming others  
We're just a little off track trying to get it all done

**F** **G**  
On it goes  
**Am** **G**  
And still nobody knows  
**F** **G**  
What we're all fighting for  
**Am** **G**  
Soon when all hope is gone  
Solo 1  
We'll find love

Solo 1

**F** **G** **Am** **G**  
lalalalalalalala...
