Tom: C

Introdução e versos: (Solo 1)
3x

Solo 1 o verso inteiro:

Wait a minute, step back
Get a little closer
We're just a little off track trying to get it all done
I think I'll pour another glass
I'm feeling kind of sober
We're just a little off track trying to get it all done

F **G**
On it goes
And still **Am** **G** nobody knows
What we're all fighting for **F** **G**
Soon when all hope is gone **Am** **G**
Solo 1

We'll find love

(Solo1)

Wait a minute, step back
See what's going over
People watching our backs protect us from each other
It's just another way of sitting back and blaming others
We're just a little off track trying to get it all done

F **G**
On it goes
And still **Am** **G** nobody knows
What we're all fighting for **F** **G**
Soon when all hope is gone **Am** **G**
Solo 1
We'll find love

Solo 1

F **G** **Am** **G**
lalalalalalalala...
