

Tim Atlas - Courtside

tom:

C

Intro: Dm F G Am

[Primeira Parte]

Dm

You walk into a room

Like you're burning down the west coast

And I can't find

What's left of my mind

You danced, you drank cheap wine

And spilled it on your red coat

But you laughed it off

You don't even blush

[Refrão]

Wanna wake up by you

With a courtside view

You're out of my league

But you're in my room

(Don't let me let go)

(Don't let me let go)

Wanna wake up by you

With a courtside view

You're out of my league

But you're in my room

(Don't let me let go)

Acordes

[Segunda Parte]

Dm
Tequila on my lips

Suddenly I'm tongue-ti?d

And I can't find

What's left of my mind

I swore love off sinc? I turned sixteen

I wanna hold you and tear at the seam

If you're down

If you're down, down, down

[Refrão]

Wanna wake up by you

With a courtside view

You're out of my league

But you're in my room

(Don't let me let go)

(Don't let me let go)

Wanna wake up by you

With a courtside view

You're out of my league

But you're in my room

(Don't let me let go)

(Don't let me let go)
