[Primeira Parte]

```
Abm             E                B          Gb
Some people chasing that almighty dollar

Some people searching never knowing who to be
          Abm                E
While they run around this crazy town
       B                Gb
