 Intro: E A Dbm B A (2x)

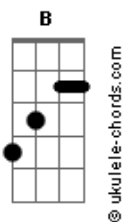

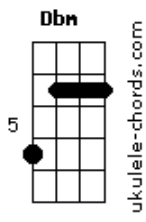

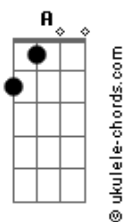

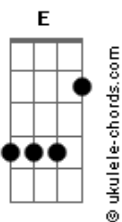

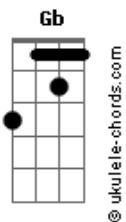

In the middle of the night, I'm dreaming
 Every thought of you keeps me believing
 When you're away, you're my light
 Only for you I'd stay up all night
 Through the highs and the lows
 No matter where we go

Only for you I'd give it all
 Break through the clouds no matter how far
 I'll hold on tight through every storm
 Only for you my heart was born
 Only for you I'd give it all
 Break through the clouds no matter how far
 To love like you
 And everything I do

Is only for you

Riff E A Dbm B A (1x)

Acordes

Through the quiet of the stars, I'm waiting
 All the moments with you, recreating
 Even the silence feels right
 I would relive every night
 Through the highs and the lows
 No matter where we go

Only for you I'd give it all
 Break through the clouds no matter how far
 I'll hold on tight through every storm
 Only for you my heart was born
 Only for you I'd give it all
 Break through the clouds no matter how far
 To love like you
 And everything I do

To love like you
 And everything I do
 Is only for you
