```

[Primeira parte]

```
Dbm                      Gb7           A           Dbm
Yesterday is like a dream Nothing's what it seems to be
                         Gb7   A   B
Another hit, another score
Dbm              Gb7               A          Dbm
No emotions will I show   My blood is frozen to the bone
                      Gb7           A
Feeling dead inside my soul   So many things I'll never know
B                         C7               D        Em
Stalking behind you are the prey  Waiting to stumble down my
way
```

[Refrão]

```
Em            D D D D     Am              C  G  C  D
Sleep well my baby          Sleep well my darling beauty
Em            D D D D     Am      G     C  D
Sleep well my baby          I'll be back one day
```

[Segunda parte]

```
Dbm                        Gb7              A
Dbm
Lost in my world so cruel and dark  Caught in a haze far off
the mark
                           Gb7 A  B
Try to evade that road to hell
Dbm              Gb7                    A             Dbm
```

```
Loneliness my only friend  Casting my shadow till the end
                              Gb7           A
A slip of the knife, or a twist in the jest I know to well
          B              C7              D    Em
Irony's hand, writing the play  Leading me down the maze
```

[Refrão]

```

```

[Ponte]

```
C              D    C            D         C
Tell me are you afraid  That I wont come back to you again
C             D      Am G  C   D
Asking if I'll stay   If could I  would babe
```
