## **Tipling Rock - Campus Fashion**

```
Ghm
           Gbm
                                                               Spotlight, and that?s alright with her
Yeah this love could kill me
                                                               Keeps up with all the trends right
But all my love could make you smile
                                                                              Gbm
                                                              She know?s just what her friends like
But you know how to thrill me
                                                                           Gbm
                                                              Tonight, and I just might with her
                                         Gbm Abm Gbm B7
And you know girl you?re just my style
                                                               ( B7 D G Am A7 Am ) ( G Am A7 Am )
She may not have that passion
                                                               ( G Am A7 Am )
                                                               ( G Am A7 Am )
But she?s got that campus fashion
                                                                  C#m9- )
              Gbm
Spotlight, and that?s alright with her
                                                              Ghm
             Gbm
                                                              You know how to thrill me
Keeps up with all the trends right
                                                                                                        Gbm Abm Gbm B7
                                                              And you know girl you?re just my style
              Gbm
She know?s just what her friends like
                                                                          Gbm
            Gbm
Tonight, and I just might with her
                                                              She may not have that passion
                                                              But she?s got that campus fashion
She lives like she?s in Paris
                                                                             Gbm
                                                              Spotlight, and that?s alright with her
                                    Gbm Abm
And I think that she gets my vibe
                                                                            Gbm
                                                              Keeps up with all the trends right
But me I?m not so careless
                                                                             Gbm
                                                               She know?s just what her friends like
                                    Gbm Abm Gbm B7
And I don?t want to let her slide
                                                                           Gbm
                                                               Tonight, and I just might with her
She may not have that passion
                                                               [Final] B7 D G
Acordes
```

But she?s got that campus fashion
