See? If you can't spacially expand my horizons
Then that leaves you in the class with a scrubs never risin'
I don't find a surprise, And if you don't have the G's to please me
And bounce from here to the course of all the seas

So, let me give you something to think about
Inundate your mind with intentions to turn you out
Can't forget to focus on the picture in front of me
I do it clear as DVD on digital TV screens

Satisfy my appetite with something spectacular
Check your vernacular, and then I'll get back to ya
With diamond-like precision, Insatiable is what I invision
Can't detect acquisition from your friend's expedition

Mr. Big Willie, if ya really wanna know
Ask Chilli, could I be a Silly Ho
Not with T-boz and all my señoritas
Steppin' on your fellas but you don't hear me though
