

# TOAST\_894 - Cold Water

tom: A

Oh, can't you see? Dbm  
I don't belong here Abm  
Taking too much drugs A  
A lot of sertraline Am  
Don't give me cold water Dbm  
With it minutes feels like hours Abm  
I don't want to live A  
Just let my death be Am

I want it Db  
I don't wanna wake up Abm  
I want it A  
I just really want to give up Am

Reality is to lose Dbm  
After all of that Abm  
Just let me convulse A  
I promise I won't regret Am

Forget Dbm  
That I ever came Abm  
Just forget A  
My life is my own game Am

I just play it as I want Dbm  
I kill myself when I can Abm  
I take cold water A  
And start all over again Am

I jump to my bed Dbm  
Too much drugs in my head Abm  
Alcohol till it blends A  
With the smoke in the air Am

But I'm not prepared Dbm  
Might be a little scared Abm  
Want to suicide A  
But with a bang in my head Am

What is so wrong Dbm  
Abm

I just want to be gone A  
But taking cold water Am  
Is where I leave all at once

Drugs don't affect my head Dbm  
The silence fills my bed Abm  
My body wanna fall A  
I've been playing too much around Am

So let it burn Dbm  
Let the cold water burn Abm  
So let me go A  
Let me fall Am

I'm going all The way down Dbm  
Burry my body on the ground Abm  
Punish my soul A  
In the hell somehow Am  
I can take a coin Dbm  
To the wishing well Abm  
I would ask for torture A  
For myself Am

Maybe I'm in need Dbm  
Of some mental health Abm  
So let it go cus A Am

I want it Dbm  
I don't wanna drown Abm  
I want it A  
I've been letting my friends down Am

So burn it Dbm  
And don't spill the pills out Abm  
Just commit A  
What you've been making out Am

Blurring my vision Dbm  
A pricefull decision Abm  
Trying to vomit A  
I wanna do it but I can?t Am

Try to suffocate Dbm  
Into the cold water Abm  
Into the freezing shower A

**Am**  
I hold onto it

**Dbm**  
But I don?t know why

**Abm**  
Cause everyday I try

**A**  
To let loose

**Am**  
And it aways lead to cry

**Dbm**  
To give up on my life

**Abm**  
Razor blades

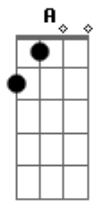

**A**  
Such a strange disgrace

**Am**  
Now my brain went down a grade

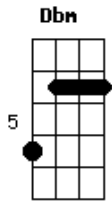

**Dbm**  
Up there in the clouds

**Abm**
