

Tom Chaplin - Hardened Heart

Tom: E

It's such a beautiful world E
So why do I feel so down? Dbm
I should be heading for somewhere Am
Instead of spinning around, round, round B

I'm flying outta control E
Headlong into the ground Dbm
And all the people that love me Am
They never know if I'm up, down or round B

A
Everything I've got E
I'm gonna lose the lot Dbm B
How I wish that I was not A E B

E
Hurting everyone I know A
Bringing everybody down so low Dbm
Stuck along a road of sadness B
With nowhere to go

E
But it's a beautiful world Dbm
And so I'm joining the crowd Am
It's way too hard on my own B
I really need a way out out out

A E
Taking what I've got Dbm B
Happy with my lot A E B
Now I know that I am not E

Hurting everyone I know A
Bringing everybody down so low Dbm
Stuck along a road of sadness B B7
With nowhere to go E
Here's hoping that the signs are real A
And tomorrow with a spring in my heel Dbm B
Somewhere on the road of sadness lies a better deal A E
Oh I know that my hardened heart is beating still B
I drove it to the point of madness just to feel A E B
Something re - a - al Gbm Abm A B
Something re - a - al

E
Hurting everyone I know A
Bringing everybody down so low Dbm
Stuck along a road of sadness B B7
With nowhere to go E
Here's hoping that the signs are real A
And tomorrow with a spring in my heel Dbm B
Somewhere on the road of sadness lies a better deal A E
Oh I know that my hardened heart is beating still B
I drove it to the point of madness just to feel A E B
Oh I know that my hardened heart is beating still A E B
I drove it to the point of madness just to feel
Something...
