

# Tom Chaplin - Quicksand

Tom: F

You'll be knocked out C  
Come around  
Shot down

Shatter on the stony ground Gm  
Yeah take it from me Bb  
It's how it'll be F

Your dreams will come true C  
Fall through  
Screw you

Batter you to black and blue Gm  
Yeah take it from me Bb  
It's how it'll be F

Love's gonna leave you broken C  
Time's gonna work you over Gm  
You get up, you get up Bb  
You keep rolling on F

Life's gonna bring you glory C  
But there's another side to the story Gm  
You get up and suck it up Bb  
You keep rolling on F

But if you crash land C  
In the quicksand Gm  
I will pick you up Bb  
I'll pull you out F

And if the world shakes C  
Your brittle heart breaks Gm  
We will patch it up Bb  
We'll work it out F

La la la la la la C Gm  
We will patch it up Bb  
We'll work it out F

You'll be on track C  
On the rack  
Bounce back

Wheeling down a bumpy road Gm  
Yeah take it from me Bb

That's how it'll be F

Through the good times C  
The sad times  
Oh off you go Gm  
But take it from me Bb  
Whatever you need F

Love's gonna leave you broken C  
Time's gonna work you over Gm  
You get up, you get up Bb  
You keep rolling on F

Life's gonna bring you glory C  
But there's another side to the story Gm  
You get up and suck it up Bb  
You keep rolling on F

But if you crash land C  
In the quicksand Gm  
I will pick you up Bb  
I'll pull you out F

And if the world shakes C  
Your brittle heart breaks Gm  
We will patch it up Bb  
We'll work it out F

When your world cracks open C  
When your heart is broken Gm  
We will patch it up Bb  
We'll work it out F

Life's gonna bring you glory C  
But there's another side to the story Gm  
We'll patch you up Bb  
We'll work it out F

And if the world shakes C  
Your brittle heart breaks Gm  
I will patch it up Bb  
We'll work it out F
