Tom Grennan - Don?t Break The Heart

```
                       tom:
                 E
                     E
I'm on my knees, I'm begging you
A
Don't break the heart that's loving you
E
I'm sitting here in this lonely room
B
No, there's nothing left, there's only me and you
Dbm                                              A
Holding onto heaven but the heaven's closed down on me
E
Nothing lasts forever, nothing goes to plan
B
Don't you lose your grip, ain't letting go of my hand
Dbm                                                A
'Cause every single second is a second that we can't get back
E
Here we go, going cold in the silence
B
Never know till you hear all the sirens
Dbm                                        A
I should go, but if this is the end of the line then

[Refrão]

                 E
Hold me close and we can lay here one last time
B                           Dbm
Don't slip away, leave me behind
                                A
I'm on my knees, I'm begging you

Don't break the heart that's loving you
E                          B
Try my best at being brave
                      Dbm
But this is more than I can take
                          A
I'm on my knees, I'm begging you

Don't break the heart that's loving you
E
One minute you're here, then you're gone the next
B
Turning into strangers like we never met
Dbm                                        A
Counting every blessing like a lesson that you told me
E
Here we go, going cold in the silence
