

Tom Jobim - Isabella

```
Tom: G
  Em
Isabella
     Am Am7
Wake up the sun is coming
 Am
Through the window
A7 Am Am7
We're riding with the sun
 Am Am7 D7b D7
I feel your heart beat
  D C
                                  Am
The morning light plays in your eyes
             Bm
With floating blue and white skyline
 A7 Am Am7
                 B7 Em
                        skies for Isabella
      Am
                 in the
A7
                  Am7
We're gazing through the clouds
                                      D7b D7
 Am
            Am7
We sail the wind rose (four winds)

D

C

Bm
The break of day sparks my desire
   C Bm Am
And ocean waves won't quench the fire
A7 Am Am7 B7 Em
We kiss we're high, we're riders in the sky
The city lies below
```

```
A sillouete, a glow
A tale of passion
Am7 Am
Α7
I close my eyes (full flaps downs)
Am7 Am
You hold me tight
We touch the ground
Isabella
                 Am7
        Am
                       Am Em
Α7
Our hopes are riding \operatorname{high\_over} the city
Α7
        Am
We search the busy streets
                                          D7b D7
  Am
We're not alone here
                      С
                                                  \mathsf{Am}
The city lights flare my desire
                   Bm
A million tears won't quench the fire
    A7 Am
                                G
                Am7
And if it
                                rain we'll take the "A"
                 starts to
train
Vocalize: Bm
                  G B7 Em
              Αm
                 C Bm Am G C D
                 D
                         Bm Am
                    Bm
                         Am
                              Em
                    Am
                         Am7
                             B7
```
