

# Tom Jobim - Two Kites

Tom: **F**  
Intro: **Gm**

And by the way have you forgotten to say  
**F7** **D7**  
Where you live, what's your name, what you do  
**Gm**  
In case you're free  
**F7**  
We can go you and me to the zoo  
**Fm**  
And may I ask you what you to do with your days,  
**Eb7** **C7**  
With your nights, with your time, with your life  
**Fm** **Eb7** **C7**  
Suppose I dare to ask what are you doing tonight  
**Fm** **Eb**  
If you're free I can lend you these wings for a flight  
**D7** **Bb7** **Ab7** **F7**

**Gm**  
Haven't we met?  
**F7** **D7**  
I can't remember but yet I could swear I have seen you before  
**Gm**  
But if you're scared of my boat  
**F7**  
I can take you ashore  
**Fm**  
Or would you rather catch the wind  
**Eb7** **C7**  
That blows steady and pulls to the high open sea  
**Fm**  
You are the force that irresistible might  
**Abm** **Gm**  
That creates in me the power of flight  
**Gb7** **B**  
We're kites in the sky  
**E** **Eb**  
We can fly, we can fly  
**C7**  
We can fly, we can fly  
**B** **E** **C7**

I get a flash of your thigh like a spy in the sky  
**B** **E** **Eb7** **C7**  
I see thy heavenly thighs in the skies, in the skies  
**B** **E**  
There where the sea meets the sky  
**Eb7**  
You and me, you and I  
**Dm**  
Give me a moment just to finish this brew to undo the voodoo  
That kept you away  
For so long  
For so long  
For so long  
**Gm** **F7** **D7**  
La la la la ...  
**Gm** **F7**  
Suppose I give you this rose and you give me a kiss  
**Fm** **Eb7** **C7**  
Suppose we take off our clothes  
**Eb7** **C7**  
And we plunge in the sea  
**Fm** **Eb**  
And just dismiss with a kiss la petite bourgeoisie  
Haven't we met?  
I can't remember but yet I could swear I have seen you before  
But if you're scared of my boat  
I can take you ashore  
Or would you rather catch the wind  
That blows steady and pulls to the high open sea  
You are the force that irresistible might  
That creates in me the power of flight  
We're kites in the sky  
We can fly, we can fly  
We can fly, we can fly  
I see thy heavenly thighs  
In the skies, in the skies  
There where the sea meets the sky  
You and me you and I  
La la la la ...  
For so long  
For so long
