

# Tom Odell - If You Wanna Love Somebody

Tom: C

(forma dos acordes no tom de Gb)  
Capostrate na 6ª casa

You should look at your reflection  
If you wanna see a lie  
You're heading in the right direction  
If you wanna pick a side  
Give me more perfection if you wanna see me cry

Oh if you wanna love somebody  
Oh if you wanna love somebody  
I'm your guy  
I'm your guy

You should get your car a starting  
If you wanna be apart  
Go to the Californian party  
If you wanna f a star  
Or flick back through your memories  
If you want a broken heart

Oh if you wanna love somebody  
(If you want to love)  
Oh if you wanna love somebody  
(If you want to love)  
Oh if you wanna love somebody  
(If you want to)

I'm all yours  
I'm, I'm all yours

Lie, oh lie, oh lie

I'll be waiting  
Cry, oh cry, oh cry

And I'll be waiting, oh

Till you decide

You wanna be in love

You really shouldn't let me hold you  
If you wanna just pretend  
You gotta make your kiss a little colder

If it's ever gonna end  
Lay your head upon my shoulder if you just need a friend  
Oh if you wanna love somebody

(If you want to love)  
Oh if you wanna love somebody  
(If you want to love)  
Oh if you wanna love somebody

(If you want to)  
I'm your man  
I'm your man, oh

Lie, oh lie, oh lie

I'll be waiting  
Cry, oh cry, oh cry

Yeah I'll be waiting  
Till you decide  
You wanna be in love

You wanna be back in love  
You wanna be back in love  
Do you wanna be back in love?  
You gotta know by now

You've gotta know that by now  
You've gotta know that by now

You've gotta know by now, oh, oh  
Oh, oh, oh, oh

( G Am7 G Am )
