C Em  
Today was just a day  
And you dealt with it okay  
But tomorrow is a boy who needs to run

C Em  
You've seen it all before  
And you've knocked on all the doors  
But tomorrow is a funny looking one

C Em Am Em  
Oh everything is about to change  
But I say bring it closer to me

C Em  
Oh it's coming soon but  
Like the spinning of the moon  
In truth it is already happening

C Em  
Think back to the start  
When we sang with bolder hearts  
And the darkness wasn't even bothering

C Em Am Em

Oh everything is about to change  
But I say bring it closer to me

C Em  
Bring the storms and the blows  
And everything it knows  
And I say bring it closer to me

Soon soon  
C Em Am Em F C  
Soon soon

C Em  
Hope it was bird  
That flew til it was heard  
And landed in a corner of a mind

C Em  
Oh I'll get what I will get  
And we ain't seen nothing yet  
And no one has ever glanced the other side

C Em Am Em  
Oh everything is about to change  
But I say bring it closer to me

C Em  
Bring the time and the space  
And the lost forgotten place  
And I say bring it closer to me

C Em  
Today was just a day  
And you dealt with it okay  
But tomorrow is a boy who needs to run

C Em Am Em  
Oh everything is about to change  
But I say bring it closer to me
