

Tom Walker - Fly Away With Me

Tom: F

Riff Inicial: D B F

I'm strummin on the corner

About to catch the last train home

I'll have to jump the barriers
So can you spare a penny for my thoughts

I've been praised upon the pavements

Passers by don't pay much
Chased away by neighbours

Seen things you couldn't make up

If the streets could talk they'd tell a story or two
I'll paint a picture for you

Pré-refrão:

I can tell you what it feels like
To lose your home on a cold night

Can you see the blood in my red eyes
Have another total forget life

Refrão:

So come on fly away with me
To a place where we could be anyone we wanna be

And we can bottle up our fears

Grow a taste so sweet

Knock us off our feet and more

Burn our troubles

Inhale them all

Paint our future on a fractured wall

So come on fly away with me

To a place where we can be anyone we wanna be

Still in the station when I wake up

I missed the last train home

Jump back over the barriers

No one's got a penny for my flaws

Imma sleep upon the pavement

Passers by don't say much

Tutted at by strangers

Dreamt things you'd never dream of

If these streets could talk they'd tell a story or two

I'll paint a picture for you

Pré-refrão:

C

I can tell you what it feels like

To lose something you love on a cold night

As the cars roll by under the street lights

There's only one way I can forget life

Refrão:

So come on fly away with me

To a place where we could be anyone we wanna be

And we can bottle up our fears

Grow a taste so sweet

Knock us off our feet and more

Burn our troubles

Inhale them all

Paint our future on a fractured wall

So come on fly away with me

To a place where we can be anyone we wanna be

(Ohohohoh)

We could be anyone we wanna be

(Ohohohoh)

We could be anyone we wanna be

Ponte:

These streets I'm walking

They started talking to me

Can't you see yeah yeah

There's only one way outta here

We have to face the things we fear

And we could be anyone we wanna be

Yeah we could be anyone we wanna be

Refrão:

So come on fly away with me

To a place where we could be anyone we wanna be

And we can bottle up our fears

Grow a taste so sweet

Knock us off our feet and more

Burn our troubles

Inhale them all

Paint our future on a fractured wall

So come on fly away with me

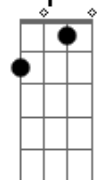

To a place where we can be anyone we wanna be
