

Tony Ferrari - You've Got a Hold On Me

Tom: Eb

Well, you've got a hold on me Eb

It's something like glue Bb

And now every word you speak Cm7

I swear that it's my only truth Ab

And you've got a hold on me Eb

I could scream it to the skies Bb

And i'm hiding away Cm7

Seeing you won't see

That I shake whenever you come by Ab

There must be something in the way Eb

That you love me Bb

That makes me feel Cm7

Like come at home Ab

And I could be up in a plane Eb

Going all around the world Bb

See a million faces, talk to every pretty girl Cm7 Ab

But they could never see the way Eb

You fill up every space in my heart Bb Cm7 Ab

Yeah, you've got a hold on me Eb

(Eb Bb Cm7 Ab)

Yeah, you've got a hold on me Eb

I hope I've got one on you Bb

And this world may not be easy Cm7

But with love we'll always make it through Ab

And you've got a hold on me Eb

That can make a grown man weak Bb

And shaking his knees, causing nausea Cm7

The reason for that singing sings Ab

There must be something in the way Eb

That you love me Bb

That makes me feel Cm7

Like come at home Ab

And I could be up in a plane Eb

Going all around the world Bb

See a million faces, talk to every pretty girl Cm7 Ab

But they could never see the way Eb

You fill up every space Bb

In every inch of this soul that I sing from Cm7 Ab

And when I had no words Eb

Not a parcel of truth Bb

No, I was just a body to bleed from Cm7 Ab

I felt my ways, that I was born into Eb

The second that you came and gave me love Cm7 Ab

That must be something in the way Eb

That you love me Bb

That makes me feel Cm7

Like come at home Ab

And I could be up in a plane Eb

Going all around the world Bb

See a million faces, talk to every pretty girl Cm7 Ab

But they could never see the way Eb

You fill up every space Bb

In my heart, my heart Cm7 Ab Cm7 Ab

Yeah, you've got a hold on me Eb Bb

Yeah, you've got a hold on me Cm7 Ab

Yeah, you've got a hold on me Eb Bb

Yeah, you've got a hold on me Cm7 Ab
