

# Tori Kelly - ??????Alive If I Die

tom:  
Capostrate na 4ª casa

You might be the death of me  
But it might be like ecstasy  
So come and take the rest of me  
Put your body on mine, ah  
Spirit like a summer night (don't let go)  
Underneath the purple sky (don't let go)  
Here we're on the other side  
Put your body on mine  
So I can fall asleep on your chest  
In this life and the next

Cause I'm feeling like I could die today  
I'm leaving my body, fly away  
It's alright if I die in your arms tonight  
It's alright if I die in your arms tonight (oh)  
Need to be by you night and day (oh, oh)  
I'm dreaming about it, wid? awake  
It's alright if I die in your arms tonight  
It's alright if I die in your arms tonight  
(Don't let go)

Never had another choice (don't let go)

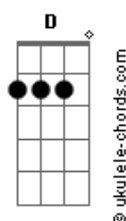

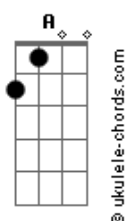

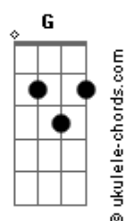

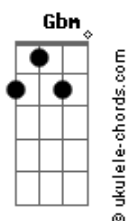

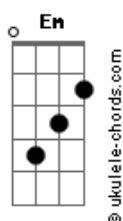

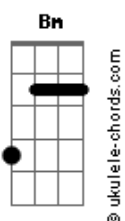

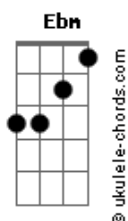

Futuristic lover boy (don't let go)

You got me some type of joy

Put your body on mine

So I can fall asleep on your chest

## Acordes

In this life and the next

Cause I'm feeling like I could die today  
I'm leaving my body, fly away  
It's alright if I die in your arms tonight  
It's alright if I die in your arms tonight (oh)  
Need to be by you night and day (oh, oh)  
I'm dreaming about it, wid? awake  
It's alright if I die in your arms tonight  
It's alright if I die in your arms tonight  
Even in another life  
I'd wait for your love (ah)  
Here or on the other side  
I'd wait for your love  
It's alright if I die in your arms  
It's alright if I die in your arms  
I'm alive if I die in your arms  
I'm alive  
'Cause I'm feeling like I could die today (oh)  
I'm leaving my body, fly away  
It's alright if I die in your arms tonight  
(it's alright)  
It's alright if I die in your arms tonight  
(it's alright if I die in your arms)  
Need to be by you night and day (oh)  
I'm dreaming about it, wide awake  
It's alright if I die in your arms tonight (alright)  
It's alright if I die in your arms tonight  
(Don't let go)
