

## Tori Kelly - All I Want

```
tom:
                Ab
                    Db
                                                                I bet that I would find you in every lifetime
       Fh
  Like the rains wants to fall
                                                                                                 Db
                                                                The only heart that crazier than mine
      Ab
And the Sun wants to shine
                                                                I can hear a symphony, yeah
   I want you close to me every night
                                                               All I want is you next to me (oh)
       Db
Like the earth wants to spin
     Ab
And the fire wants to burn
                                                                If you?re the question
I want you here through the highs and the hurt
                                                                I?ll be the answer
                                                                If you?re the music
Oh-oh I bet that I would find you in every lifetime
                                                                I?ll be the dancer
                   Eb
                              Db
The only heart that crazier than mine
                                                                And when we get older
I can hear a symphony, yeah
                                                                We?re gonna stay young
                  Eb
All I want is you next to me (oh)
                                                                 Eb
                                                                ?Cause today and always
If you?re the question
                                                                You?re all that I want
I?ll be the answer
                                                                If you?re the question
If you?re the music
                                                                I?ll be the answer
I?ll be the dancer
     Db
                                                                If you?re the music
And when we get older
                                                                I?ll be the dancer (I?ll be the dancer)
 Ab
We?re gonna stay young
                                                                     Db
                                                               And when we get older
?Cause today and always
                                                                We?re gonna stay young
You?re all that I want
                                                                    Eb
                                                                ?Cause today and always
Like the grass wants to \operatorname{\mathsf{grow}}
                                                                You?re all that I want (you?re all that I want)
I wanna run anywhere that you go
                                                                ( Ab Eb Fm Eb )
       Db
Like the waves wanna break
                                                                                  Db Ab Eb
                                                                You?re all that I want
And my hands wanna hold
                              Fm7
                                      Db
