

Toto - I Will Remember

tom:

F

Intro: 2X

I was born in the land of the sun and the tall green grass
 And I don't understand how all this has come to pass
 How we've come to surround ourselves in a sea of thieves
 In a land without learning only the fools believe

I went driving last night on a dark canyon road
 Had the sky to myself but I wasn't alone
 Had the pain of my lifetime for my company
 How did it end up like this for you and me?

When love breaks the promise the heart has to keep
 It leaves only truth here to find
 When the spirit is crushed and the hurt is so deep
 Between you and I

Even when love has come and gone and our hearts have moved
 long
 I will remember
 There was a time we had the trust
 And that always was enough
 I will remember. I will remember you

The wind burns my face as it whispers your name
 As it's pulling me forward it tears me free
 And the only thing left is the tears for you and me

'Cause when love breaks the promise the heart has to keep
 It leaves only truth here to find
 When the spirit is crushed and hurt is so deep
 Between you and I

Even when love has come and gone and our hearts have moved
 along
 I will remember
 There was a time we had the trust
 And that always was enough

I will remember
 Even when love has come and gone and our hearts have moved
 along
 I will remember
 There was a time we had the trust
 And that always was enough
 I will remember
