(verse)

C **Eb7** **Bb**
Watching driving thru the night I'm all alone
C **Eb7** **Bb** **F**
Empty endless road a thousand miles to go
C **Eb7** **Bb**
Midnight five million thoughts are passing in a row
C **Eb7** **Bb** **F**
Will you still be waiting there God only knows

Am **F** **C** **F** **G** **F**
And the wind through my heart feels so cold as it calls out
your name

G **C** **F** **Am** **G** **C** **F**
Melanie nothing but the touch of your hand can rescue me
G **C** **F** **Am** **G** **C** **G** **F**
Melanie reach inside this emptiness and you can set me free

Morning sun's in my eyes I'm tied to your soul
One chance one solitary life how could I let you go

Got a phone call or was it a dream a voice spoke to me
I could swear it was you that I heard crying desperately
