

# Tove Lo - 9th Of October

Tom: **Bb**

We never had **Bb** coffee table books or dinner parties **Gm**  
 We always had hazy nights and sex, clichés in Paris **Bb** **Gm**  
 Don't disturb on the top floor **Eb**  
 Getting high by the window **F**  
 In bed with your eyes locked into mine **Eb**  
 How perfect was it? **F**

**Bb**  
 9th of October, I always remember **Gm**  
 No bad things had happened then **Bb**  
 Honestly, you never thought you'd fall for me **Gm**  
 But somehow you got pulled in **Eb**  
 Livin' so fast, makin' memories last **F**  
 'Til our hearts couldn't hold no more **Eb**  
 Hear you explodin' while I am implodin' **F**  
 Now, how did we let this go?

We never had, ah **Bb** **Gm**  
 We never wanted, ah **Bb** **Gm**  
 We never had, ah **Eb**  
 We never wanted **F** **Eb**  
 A normal kind of love **F**

We never had time for useless fights **Bb**  
 'Bout dirty laundry **Gm** **Bb**  
 We always had tender, long goodbyes **Gm**  
 Packed bags in a hurry **Eb**  
 Our last kiss at the bus stop **F**  
 Had I known, would've jumped off **Eb** **F**  
 And now from the pieces of my heart, I'm so sorry
