 So you fought off a thousand gangsters, ready for the war
 Em C
 And you hang with the stones round the world on tour
 C
 Em
 Then you bought me a million diamonds, but lost them by the shore
 Em
 As if I did believe you all look in the water

C Em
 I'm the wide eyed loving monster who feeds your every lie
 Em C
 'Cause I need to pretend it's you and I
 C Em
 And I know my head is twisted but it keeps me sane at times
 Em F
 But I know I can keep you in my mind

F Am
 Dream till I'm dead then set me on fire
 Am F
 Flames and the smoke keep taking me higher
 F Am
 Love and pretend will soon be expired
 Am G
 We would be not made for this world

C Em
 So I tell you a little secret, who knew that I could fly?
 Em C
 I'm the queen of the world and the trees up high
 C Em
 And if you wanna come with me you just say the word

 I'll be waving my wand then we both turn into birds
 C Em
 You're the wide eyed loving monster who feeds my every lie
