

# Tove Lo - Scars

Tom: C

Intro: Dm C G

Dm (dedilhado)

Scars we carry  
Carry with memories, memories burned by the dark  
Try to see clearly  
Tears we bury  
Bury in vain cause the pain got us falling apart  
Try to see clearly

Dm

Now let the healing start

C G

The fires out of guns

Dm

We keep it in our hearts

C G

We're like a thousand suns

Dm

Ooh, yeah, every day, step by step

C G

We dare to love again

Dm

And if we lose our grip

C G

Meet you at the end

Dm

Know they're cutting you deep

C

Feel the scars in your sleep

G

What didn't kill us made us stronger

Dm

Stories left on our skin

C

Wear them with everything

G

What didn't kill us made us stronger

Dm (dedilhado)

Don't feel lonely  
Loneliness kills all the thrill  
From standing alone  
Try to see clearly
