

Tove Lo - The Way That I Am

Tom: E

(com acordes na forma de Capostrate na 4ª casa C)

Am
So you're proud to be a good one?

But the good ones always complain

About the stuff they never did

Am
Don't make a thing about the bad kind

'Cause the bad kind don't even know

All the hearts they're messing with

F
You can point fingers all you want

I don't care, I love you anyway (x2)

Am
Yeah I'm falling in love and I hope that you want me

The way that I am

Am
Falling in love and I know I can change me

Do you understand?

Am
Falling in love and I hope that you want me

The way that I am

Am
Falling in love and I know I can change me

Do you understand?

Am
I've been told I am the problem

And the problem's my honesty

When it's worse than how it seems

Am
And I tell you all the wrong things

All the things you don't wanna hear

Cause they change your perfect dream

F
You can point fingers all you want

I don't care, I love you anyway (x2)

Am
Yeah I'm falling in love and I hope that you want me

The way that I am

Am
Falling in love and I know I can change me

Do you understand?

Am
Falling in love and I hope that you want me

The way that I am

Am
Falling in love and I know I can change me

Do you understand?
