

Tracy Chapman - Be Careful Of My Heart

Tom: C

Riff:

Dm F C

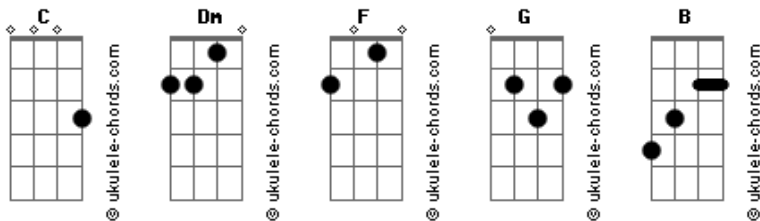

You and your sweet smile
You and all you tantalising ways
You and your honey lips
You and all the sweet things that they say
You and your wild wild ways
One day you just up and walked away
Oh you left me hurting
But I can forgive you for that now
You taught me something
Something it took me have my life to learn
When you give all yourself away
Just tell them to be careful of your heart

Be careful of my heart, heart
Be careful of this heart of mine
Be careful of my heart, heart
It just might break and send some splinters flying
Be careful of my heart, heart
Riff 1x
Be careful
