{Play this 1st riff 2 times before starting the lyrics}

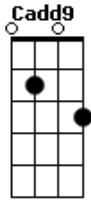

No words to say, no words to convey, these feelings inside, I have for you.

Deep in my heart, safe from the guards, of intellect and reason.

Leaving me a loss for words to express my feelings

Deep in my heart, Deep in my heart,

[CHORUS]

[Em] [Cadd9]
Look at me losing control, thinking I had it all.

[Am] [C]
Now the feelings are strong, no longer the master of my emotions.

{play whole thing twice then end with the 1st riff twice at the end.}
