

Train - To Be Loved

Tom: A

A B
Finally met Virginia on a slow summer night
Gbm D
Thought I should forgive ya so I came back
A
You're a sight for sore eyes
B
Right for those lies
Gbm D
They save me after all
A B
Right from the beginning we were wrong I found
Gbm D
But no one did it better baby pound to pound
A B
Those heavy weights fights were right for me
Gbm D
To learn how to see the light clearly

D E
And it's the light I see in you

A B Gbm D
No, don't go I'll show you what it's like to be loved
A B Gbm D
No, don't go I'll show you what it's like to be loved

A B
Now that things are better for me I can laugh
Gbm D
At all your other lovers when you do the math
A B
Does it make you feel sad, make you feel small?
Gbm D
Thank God it ain't about me anymore

A B
I'm not coming back for round two
Gbm D
I just want to love you like a friend would do
A B
You weren't wrong for the feelings you had
Gbm D
But the man I was isn't coming back
D E
So stay, it's OK

(Refrão)

Gbm Dbm D A (E)
When you say it's over I lost my head
Gbm Dbm D D
And now that we're older I'm giving up on being right
D A
So I can see the other side again

A B Gbm D
No, don't go I'll show you what it's like to be loved
A B Gbm D
No, don't go I'll show you what it's like to be loved
