

Travis - Safe

Tom: G

^D Take all the ^D goods from all the ^D bads ^D
^D And tell the people that you've gone away ^D
^D Now lift your head up to the sky ^D
^D And now you can tell apart the black from the white ^D

And we waste the time they treasure dear
 And my only thought is that they could be right
 Well look there goes another year
 About as distant as a satellite

^D And I feel ^D safe, ^D so safe ^D
^D And I feel ^D safe, ^D so safe ^D
^D And I feel ^D safe, ^D so safe ^D
^D And I feel ^D safe, ^D so safe ^D
^C So safe

The worlds a small child in the dark
 And my mind's the same place that it's always been
 The monsters seem to fade so fast
 Upon the waking of another dream

^D And I feel ^D safe, ^D so safe ^D
^D And I feel ^D safe, ^D so safe ^D
^{Em} And I feel safe, I feel so brave ^D

I'm not afraid of anything they've got to say
 If your okay, because your tucked away ^{Em}
 Don't go astray

You've got to be just who you are, who you are ^C

{Bridge: ^D ^D ^D ^D }

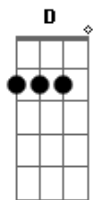

When I was young things didn't last
 My only cures went to the price of sweets
 Now I'm older I can laugh
 A dolly mixed up man with rotten teeth

^D And I feel ^D safe, ^D so safe ^D
^D And I feel ^D safe, ^D so safe ^D
^D And I feel ^D safe, ^D so safe ^D
^C So safe

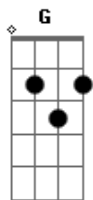

^D And I feel ^D safe, ^D so safe ^D
^D And I feel ^D safe, ^D so safe ^D
^D And I feel ^D safe, ^D so safe ^D
^C So safe

^D ^D ^D ^D
^D ^D ^D ^D
^D ^D ^D ^D
^D ^D ^D ^D
