Intro: Em Gb11 G G C C Em D

C7M

Every cloud has a silver line
But you still need the moon to shine
And we don't care about it
Is there something that you forgot
And you wish you could stop the clock
Because you can't live without it
We don't have a clue

Cause we're 3 miles high
And around us dust and feathers fly
And we can't climb down
Cause we'd burst our little bubble on the ground

C7M

Everyone has a wall to climb

But we don't really have the time

To give a hoo-ha about it
And your life is a russian doll

You were given when you were small

And they're all inside you

We don't have a clue

Cause we're 3 miles high
And around us dust and feathers fly

And we can't climb down

Cause we'd burst our little bubble on the ground

And we won't come down

Till we hit the ground

Cause we're 3 miles high
And around us dust and feathers fly

And we can't climb down

Cause we'd burst our little bubble on the ground
