

# Troye Sivan - The Fault In Our Stars

Tom: Eb

(com acordes na forma de  
Capotraste na 3ª casa

The weight

Of a simple human emotion

Weights me down

More than the tank ever did

The pain

It's determined and demanding

To ache, but I'm okay

And I don't want to let this go

I don't want to lose control

I just want to see the stars with you

And I don't want to say goodbye

Someone tell me why

I just want to see the stars with you

You lost, a part of your existence

In the war, against yourself

Oh, the lights,

They light up in lights of sadness

Telling you, it's time to go

And I don't want to let this go

I don't want to lose control

I just want to see the stars with you

And I don't want to say goodbye

Someone tell me why

I just want to see the stars with you

Don't give it up just yet stay grand

For one more minute, don't give it up just yet

Stay... grand (no 2x)( 3x )

(I don't want to let) And I don't want to let this go

(I don't want to lose) I don't want to lose control

(And I just want to see) I just want to see the stars (the stars with you)

with you

And I don't want to say (don't want to say) goodbye

Someone tell me why (tell me why)

I just want to see the stars (the stars with you) with you

C Am F G

With you
