

# Troye Sivan - What a Heavenly Way To Die

tom:  
C  
Tell each other you're the one  
C Am G  
While we're laying by the poolside, poolside  
Am G F  
Getting tired from the sun  
C F  
Fading in and out of long nights, long nights  
Am G  
There's no limit to your love  
C F  
East or west we got the north lights, north lights  
Am G C F  
Oh oh, take in it all  
Am G  
What a heavenly way to die  
C F  
What a time to be alive  
Am G  
Because forever is in your eyes  
C F  
But forever ain't half the time  
Am G  
I wanna spend with you, you  
C F  
I wanna be with you, you  
Am G  
I wanna spend with you, you  
C F  
I wanna be with you, you  
Am G  
When our promise has come and gone  
C F  
And our youth is all but melted, melted  
Am G  
We can listen to this song  
C F  
So we don't have to accept it, accept it  
Am G  
Just as long as you'll be home  
C F  
In the one we've manifested-fested

Oh oh, take in it all Am G C F  
What a heavenly way to die Am G  
What a time to be alive C F  
Because forever is in your eyes Am G  
But forever ain't half the time C F  
I wanna spend with you, you Am G  
I wanna be with you, you C F  
I wanna spend with you, you Am G  
I wanna be with you, you C F  
Just take it in all, all, all, all Am G  
Just take it in all, all, all, all C F  
Just take it in all, all, all, all Am G  
Just take it in all, all, all, all C F  
What a heavenly way to die Am G  
What a time to be alive C F  
Because forever is in your eyes Am G  
But forever ain't half the time C F  
I wanna spend with you, you Am G  
I wanna be with you, you C F  
I wanna spend with you, you Am G  
I wanna be with you, you C F
