I blocked you on iMessage

But you still send me memes

And you show up to my house

Boy, I just want you to leave

Annoy me and my friends at lunch

Like boy, what are you trying to achieve?

Oh, all these things you're doing push

You further away from me

[Refrão]

'Cause I don't wanna be your enemy

But you won't ever be a friend to me

And I, I don't feel right

Yeah, I don't wanna be your enemy

But you won't ever find a remedy

And I, I don't feel right

[Segunda Parte]

Making this harder for us

No cap, it's a lil' sus'

And I wanna believ? what you're saying to Me

But the words don't add up

What you'r? willing to risk

Yeah, for some fake friendship

And if that's what you want

Then it's best that you're gone

All I gotta say is good luck

[Refrão]

'Cause I don't wanna be your enemy

But you won't ever be a friend to me

And I, I don't feel right

Yeah, I don't wanna be your enemy

But you won't ever find a remedy

And I, I don't feel right

[Final]

'Cause why can't you, can't you let it

Go

Oh cause if it's all a lie, I broke down

Yeah

'Cause why can't you, can't you let it go

Oh cause if it's all a lie, I broke down

[Refrão]

'Cause I don't wanna be your enemy

But you won't ever find a remedy

And I, I don't feel right

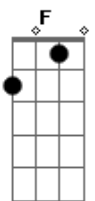

Yeah, I don't wanna be your enemy

But you won't ever find a remedy

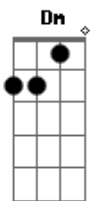

And I, I don't feel right

Oh, yeah
